

BEACHFRONT- TAMARINDO VILLA ,BEACH FRONT ,BARBADOS

BEACHFRONT- TAMARINDO VILLA , 5 BEDROOMS , 6 BATHROOMS
PRICE : \$28,000,000

OVERVIEW

Villa Tamarindo Barbados is currently under construction and offers a truly unique opportunity for an individual to own an exclusive West Coast residence unlike anywhere else in Barbados.

Villa Tamarindo has been designed by renowned local architect Larry Warren and the design incorporates traditional West Indian architecture with world class contemporary interiors. The home benefits from exceptional indoor and outdoor areas for both living and entertaining. A 20ft swimming pool and terrace are slightly raised from the beachfront, providing the ultimate in privacy, coupled with spellbinding views.

Just a few minutes away from the property you will find the many restaurants and amenities of Holetown. This includes Limegrove Lifestyle Centre which boasts a collection of designer shops and boutiques.

The development in which Villa Tamarindo is set is called Beachlands. It sits on prime beachfront land, approximately 500m north of the world famous Sandy Lane Hotel. It is within walking distance of most amenities of the town. Spanning over four and a half acres, the Villas at Beachlands are being created for discerning clients. They are perfect for those seeking a luxury home on a picturesque beachfront in the most sought after location in Barbados.

Beach enhancement works at Beachlands includes creation of an ocean groyne system which aims to naturally preserve the dry sand area and offers an ideal environment for Hawksbill turtles who regularly nest on the beach. There is a beautiful living reef at Beachlands which is teeming with colourful sea life and perfectly set for snorkelling.
